Good Morning!

Since I will not be here for the meeting on Thursday I am sending you a preview of what the labels will look like for the Chorizo's and a sample of what the Salchichon casings will look like.

A few questions though...

The images for the Chorizo are subject to change.
I used the images from www.zenu.com.co website for all 3 Chorizo's (con Ternera, Colombiano, Mejicano).
Do you have permission to use their images? Especially for label purposes?
If so please let us know.
If not then there can be lawsuits from the company to you for using their images without permission.
Also If not, you can either provide us with images of the products once they have been made or I can do it for an additional cost.*

I would also like to know which form of the word Mexico would you like to use for the Chorizo.
Mejicano or Mexicano
So I can use the correct terminology in the label. It is currently Mejicano.

In terms of the Salchichon.
First we had Cervecero Premium using the Cibao Meat Campesino Salami because you said was close to its' taste. Then changed your mind to using **Tradicional** which is Cibao Meat Del Pueblo Salami.
Then we had **Ceveroni** using the Cibao Meat Checo Salami because that one was close to its' taste, then changed your mind and said you now want the **Cevecero.**
So now we have **Cervecero**... which Cibao Meat Salami is close to its' taste since you have eliminated the two listed above?

In terms of products that we will be making for you this is the updated list:

Cervecero -------------------> 16 oz ------------> ?
Tradicional------------------> 16 oz -----------> Del Pueblo
Chorizo con Ternera-------> 15 oz-----------> This one and Colombiano the formula is being worked on
Chorizo Colombiano-------> 15 oz------------> this one similar to the Chorizo Antiqueno
Chorizo estilo Mejicano---> 15 oz / 48 oz --> VerMex Chorizo

*Once the 3 Chorizo's have been physically made I can photograph them edit them accordingly and use them for labeling purposes **ONLY** I will leave a contract with Julio if you would like to use my services. Thank you.
